Complete Idiots Guide To Linux

Complete Idiot's Guide To Linux, Second Edition, covers: Preparing to install the system, Using shells and online documentation, The X Windows graphical interface, Networking and Internet, Administration, Configuring Linux for multimedia , and A guide to available software and tools.

The Complete Idiot's Guide to Linux (2nd Edition): Ricart ...

The Complete Idiot's Guide to Linux is yet another book for the newcomer to Linux. The layout of the book is just like others in the Idiot's series, so if you have read one of the others, this one will seem familiar. I've personally never understood why a company would choose to insult their customers by calling them "idiots" or "dummies", but it seems to work—this is a popular series.
