Second, feminist legal theory is dedicated to changing women's status through a rework of the law and its approach to gender. It is a critique of American law that was created to change the way women were treated and how judges had applied the law in order to keep women in the same position they had been in for years. The women who worked in ...

In presenting answers to questioners, they gave shape to their lives, as did neighbors and other witnesses. At the same time, they protested and resisted accusations and characterizations. Farge's accounts also showed the production of gender by the law, although this theory had not yet taken on a definite shape in historical work.
