Mad at School explores the contested boundaries between disability, illness, and mental illness in the setting of U.S. higher education. Much of the research and teaching within disability studies assumes a disabled body but a rational and energetic (an "agile") mind.

Mad at School: Rhetorics of Mental Disability and Academic ...

Many of us, Margaret Price argues, are mad at school. We are crazy in the classroom.Madandcrazyare offensive terms, but they are also rhetorical indicators, useful both to expose discrimination against people with mental disabilities and to chart the road not yet taken to arrive at classrooms attentive to the mental diversity of students and teachers in higher education.

Mad at School: Rhetorics of Mental Disability and Academic ...

Mad at School is a close study of the ways that mental disabilities impact academic culture. Investigating spaces including classrooms, faculty meeting rooms, and job searches, Price challenges her readers to reconsider long-held values of academic life, including productivity, participation, security, and independence.

Mad at School: Rhetorics of Mental Disability and Academic ...

Mad at School is thoroughly researched and pathbreaking. . . . The author's presentation of her own experience with mental illness is woven throughout the text with candor and eloquence." ---Linda Ware, State University of New York at Geneseo Mad at School explores the contested boundaries between disability, illness, and mental illness in the setting of U.S. higher education.

Project MUSE - Mad at School

Mad at School challenges the way we view teaching and learning. Although not every reader will find every argument compelling, and not every reader will wish to put all of Price's recommendations into practice, Price does a valuable service by simply reminding readers that mental disability has to be part of the discussion.

Mad at School: Rhetorics of Mental Disability and Academic ...

Mad at School: Rhetorics of Mental Disability and Academic Life by Margaret Price Today's college students report higher rates of depression, anxiety, and other mental health conditions, with greater severity of symptoms than previous generations.

Mad at School: Rhetorics of Mental Disability and Academic ...

Mad at School unsettles the biomedical model of mental disability and urges respect for the variability of human mental response. Margaret Price's brave, controversial argument about educational inclusiveness needs to be discussed by anyone who teaches, is concerned about educational processes and academic culture, wants to understand some of their unintended consequences, or thinks about ...
