Each book stands alone, although all books in the cycle are set in the same universe. Works are not numbered as author says: "People write me nice letters asking what order they ought to read my science fiction books in — the ones that are called the Hainish or Ekumen cycle or saga or something.

## Hainish Cycle Series by Ursula K. Le Guin

In the Hainish Cycle science fiction stories of Ursula K. Le Guin, Werel is the colloquial name for Alterra, a fictional planet of the star Gamma Draconis. It is one of two planets called Werel in that series. The name is an informal (though standard) one and means just "the world". History. It is the setting for Planet of Exile, and its

Planets of the Hainish Cycle -  
Wikipedia

In "The Dispossessed", the Urrasis talk about "Eight and a half millennium of history" and one of the Hainish ambassadors talks about Hain having "A thousand millennium of history".

Plus the amount of action which has taken place before the stories even begin - humans colonize then lose touch with a number of planets, then re-discover them.

The Dispossessed. It features the development of the mathematical theory underlying the fictional ansible, an instantaneous communications device that plays a critical role in Le Guin's Hainish Cycle. The invention of the ansible places the novel first in the internal chronology of the Hainish Cycle, although it was the fifth Hainish novel published.
